

Greetings!

I'm looking forward to participating in the Huntington Beach Urban Forest BIRD-A-THON, Sept. 22-25, 2022. Presented by the HB Tree Society, the BIRD-A-THON will raise money for their bird-friendly, environmental conservation and forestation efforts in Huntington Central Park's Urban Forest. I'm reaching out to ask for your help!

Here are two ways to consider supporting Urban Forest habitat enhancement:

1. I'll be birding as part of a team. Our BIRD-A-THON team hopes to identify between 20 and 30 unique bird species. *Would you consider making a pledge to support our team?* A suggested pledge could range anywhere from \$1- \$5 per bird species identified. Once the event has concluded, I'll notify you with my final tally.

OR, if you prefer:

2. *Can I count on you to donate a set amount?* If you'd like, you can help right away without waiting for the event to conclude. If so, please visit: hbtrees.org/hb-urban-forest-bird-a-thon/ and click on the "Donate" button. Alternatively, please mail a check, specifying your favorite BIRD-A-THON team, to: HB Tree Society, P.O. Box 1269, Sunset Beach, CA 90742.

Thank you so much for your time and consideration!
